- 3G Router

MPR-A1
NEW ARRIVAL

Do you have the similar experience in your business trip or your tour... ..

MPR-A1 will provide you the best solution
New Cross-border 3G Item

Simplicity Molded Classic

Small and Elegant

Slim body design with size in 95mm*35mm, just one third of a credit card, and convenient to take along in the open air.

Unique remote shutdown technique

Just click the power off in the user interface, make your wireless life simple and easy

Ingenious power indicator button design

Just press the battery indicator button, you will know how much battery power left.

Now it shows 75% battery power left

Small and Multifunction

Five in one, high quality and competitive price, cute appearance. With five functions including Mobile Power bank, 3G Hotpot, ADSL/DHCP access automatical, WIFI hotspot access and relay, iPhone data flow sharing

USB port for charging,
plug and play

Function one: Mobile Power bank

Built-in 1800mAh Li-polymer battery, supporting charge iPhone battery fully once, 3G Hotspot for 4 hours, and Mini-AP for 12 hours charging iPhone, iPad, PSP, Android MID and Smart Phone under the status of ON or OFF, with protection for over charge/over discharge/short-circuit to keep the charging process safety. Whatever it's on or off, just press the battery indicator button, you will know how much battery power left.

Function two

Mini AP, ADSL/DHCP access automatic recognition

Built-in Ethernet port, making the cable broadband convert to WIFI at hotel & home, also let more people surf the internet under the WIFI coverage area. A1 apply HAME's patented software, it could make wired broadband connection automatic, avoiding choosing WAN or LAN access by hand, automatic display ADSL logo in interface, easy to operate

ADSL logo in interface

Automatic recognition WAN/LAN, getting online using notebook, smart phone, I Pad via WIFI simultaneously.

3G modem insert; automatical recognition without any manual setting, plug and play.

3G modem USB port

Function three 3G Router, WIFI sharing

Compatible with HSPA+ HSPA/EVDO/TD-SCDMA including more than 400 kinds of popular USB 3G modems all over the world, dial no automatically without any manual setting.

Compatible with all the mainstream operating system such Apple ios, Microsoft, Linux, Android.

Function four iPhone data flow sharing. Surf the internet via WIFI without 3G modem

Support iPhone 3/4 data package sharing, linked iPhone 3/4 with A1, then share iPhone's data plan with your iPad, notebook. Easy sharing to avoid high battery-consumption of iPhone when being hotspot by itself.

Function five WIFI hotspot access and relaying

Support public WIFI hotspot access of China Unicom(WCDMA) ,China Telecom(CDMA), China Mobile(TD-SCDMA).Under the WIFI coverage area, the users can share the public WIFI signal with unlimited users and data download via A1.And A1 could enlarge the WIFI signal to make the outdoor WIFI signal reach everywhere in your house, improving the internet speed.

Operators's WIFI hospot

iPhone Personal hotspot (Network sharing)

Setting iPhone 4.3.3 version as an example for function demonstrating, please make the corresponding adjust if the interface is different from other version.

1. Click icon "Tool" in the interface, and pitch on the option "Setting"

2. Select option "General" in the interface of "setting".

3. Select "Network" option the new interface

External interface

SPEC

Functions

- ★ Compatible with HSPA+/HSUPA/HSDPA/CDMA EVDO R0/RA/RB USB Modem
- ★ Management, port range forwarding, exposed host (DMZ), DNS proxy, URL content filtering, save/restore configuration, upgrades via Web, PPPOE Relay

Security

- ★ Firewall: Stateful packet inspection (SPI), denial-of-service (DoS) protection, Webs Content Filter, keyword Filter
- ★ VPN functionality: VPN pass-through for Ipsec
- ★ Wireless: WPA2-PSK, WPA-PSK, WEP, 802.1x

Package Contents

- ★ 1800mAh 3G Mobile Power Router (MPR-A1)
- ★ USB cable
- ★ Quick install guide

Physical Interfaces

- ★ LAN /WAN Port: Mini USB
- ★ 3G Port: USB 2.0
- ★ DC Power Port: Mini USB
- ★ Power Switch: ON/C/OFF
- ★ Reset button

Network Protocols

- ★ TCP/IP, DNS, DHCP (Client & Server), WMM, WPS,
- ★ WDS, DDNS, NTP, PPPOE, UPnP, IGMP, LLTD

Customization Options

- ★ Web interface can be customized into client's artwork format
- ★ Packaging paper can be customized with client's artwork
- ★ The gateway can be customized with client's logo

Environmental Specifications

- ★ Operating temperature: 0°C to 40°C (32°F to 104°F)
- ★ Operating humidity: 90% maximum relative humidity, non-condensing

Physical Specifications

- ★ Dimension: 95(W)x 35(L)x 14 (H) mm
- ★ Weight: 124g (excluded power supply and battery)

Power Adapter

- ★ 5V DC, 1.2A

Warranty

- ★ 1-year Warranty
